

Leader in Mali, we benefit from an ideal situation
allowing us to better develop, strengthen and
sustain our customer relationships

Non destructive Testing Laboratory

Authorizations held by the NDT Testing operators :

Level II and Level III in accordance with ISO 9712
Level II and Level III, in accordance with SNT-TC-1A
Visual Testing (VT), Penetrant Testing (PT/DPI),
Magnetic Particle Testing (MT/MPI), Ultrasonic Testing (UT),
Radiography Testing (X & Y ray with CAMARI / Competent
Personal in Radiography - PCR)

- **ADR Rules**
- **Welding procedure specification (WPS) /
Welding Procedure qualification record (WPQR)**

Our scope of activity :

Industry
Oil and Gas
Chemistry
Energy
Cement plant
Aeronautics

Qualified staff in welding :

IIW/IIS Diploma
IWE Diploma
QS/QMOS Inspector

Provision :

- QA/QC Expert
- Qualified controllers (CND/NDT)

Hamdallaye ACI 2000, Bamako - Mali
Tel.: +223 76 32 57 38 / 73 40 49 52 / 70 71 78 78

The quality of the control service

VISUAL TESTING (VT)

PENETRANT TESTING (PT/DPI)

MAGNETIC PARTICLE TESTING (MT/MPI)

ULTRASONIC TESTING (UT)

RADIOGRAPHY TESTING (RT)

POSITIVE MATERIAL IDENTIFICATION (PMI)

ULTRASONIC THICKNESS MESURE

QA/QC INPECTION

NDT METHOD INSPECTION
(UT, PT, MT AND RT)

Welding Inspection

Welders Procedure Specification (WPS) –
Welding Procedure Qualification Record
(WPQR)

Your reference
in Non destructive Testing
and Welding Inspection

PENETRANT TESTING

Penetrant chain with high sensitivity

MAGNETIC PARTICLE TESTING

Portable monitoring devices

Magnetoscopic –

Magnetic field detection indicator

Ultrasonic Testing SMARTOR

type ultrasonic station Fault detection

Thickness gauge

Radiography X and Y Ray Testing

Metallurgical INSPECTION

PMI Devices (Chemiscal analyse)

INSPECTION - QUALITY AUDIT

Authorizations held by the NDT Testing operators :

- Level II and level III in accordance with ISO 9712
- Level II and level III, in accordance with SNT-TC-1A

Welding INSPECTION

IIW/IIS Diploma

IWE Diploma

WPS/WPQR Inspector
